TECHNICAL SKILLS

Programming Languages

HTML, CSS, JavaScript, Kotlin, Swift, Dart & Flutter, Python, Node JS, C# , C/C++, Java

Software & Technologies

GIT, VS Code, X code, Android Studio, MySQL

Hardware

- Proficient in Computer hardware Assembly

Other

- MVC applications
- API applications
- XML, JSON
- UNIX
- Dev Ops / CI/CD Pipelines
- Mobile Applications
- Object Oriented, Imperative programming
- Solid Understanding of IEEE 802.3 networks & IEEE 802.11 networks

JORDAN BHAR

EDUCATION

Sheridan College – Bachelors of Computer Science (Mobile Computing)

Year 3 Cumulative GPA – 3.4

CURRENT & PAST PROJECTS

GYMPACT

Used Swift UI & Xcode to create a fitness application, in which I implemented an Exercise Tutorial section & cardio section. Other features of the app include a pedometer, Realtime user database, fitness calendar which were implemented by my other group partners

<https://github.com/JordanBhar/Gympact-FinalProject>

SHOP TILL YOU DROP APPLICATION

Created a IOS application using Swift. This application uses Machine Learning (Image to text) & Google Shopping API. The user can look up any product either manually or by taking a photo of an item, and then uses shopping api to query for intended product. This project was a group project with two other group members

<https://github.com/TristarMMII/STYD.git>

CATDOG APPLICATION

Created a MVC web application for PROG20261, Using Spring boot / Java. A user database was implemented. Each user had a role of cat or dog and with these roles gave users access to different pages of a website

WORK EXPERIENCE / VOLUNTEER EXPERIENCE

LCBO (Seasonal Sales Representative)

December 1st 2020 - January 1st 2021 (1-month contract)

May 2021 – September 2021 (4-month contract)

Main duties include operating cashier, cleaning the store, helping customers shop for their needs. Maintaining store displays. Ensuring Covid-19 rules are being followed. Greeting customers

Planet Kids (volunteer) - Aug (2015)

Worked with children ages 4-7. Watched over the campers to provide safety and to be aware of there were abouts and to lastly make sure they get home safely. Acted as a good role model to set an example for campers. Created games.
